? The Harrison County Hospital Foundation is now taking applications for vendors to participate in the Taste of Harrison County. Taste of Harrison County highlights the wonderful food and drink of the many establishments in Harrison County.

Applications are accepted from the various restaurants, retail stores, and other local businesses who would like to share items from their menus with the community. It's an opportunity for businesses to reach new customers.

The Taste of Harrison County will take place on Thursday, April 2, 2009 in the Parvin Baumgart Educational Center at Harrison County Hospital. Tickets will be available to the public beginning in March. Vendors pay no registration fees but are expected to provide food and drink for customers.

In addition to the Taste, a silent auction is planned, and vendors may contribute items to the auction, as well.

The Harrison County Hospital Foundation will use the income from this event to continue to provide wellness and health education programs to the public.

Businesses interested in participating in the Taste of Harrison County should contact Sheryl Voelker, Harrison County Hospital Foundation Coordinator, at (812) 738-8762.
