Also new this year, the taxpayers can now view their tax statements online by going to <http://clark-in.egis.39dn.com>; Treasurer, Janet Hurst can provide this option with the GIS (Geographical Information System) that is already being used by the County which is contracted with 39 degrees North. She believes that this will not only give taxpayers another option of getting their tax information but also will help area realtors and researchers having access to this information in their offices.
