? ? Get ready for some football fun! For the second year, West Clark Football Boosters are sponsoring an All Community Skills & Drills Football Clinic and everyone between the ages of 8 and 13 are invited to attend!

All the best coaches from local communities including some former U of L players will be working under the direction of Mike Flores, former NFL player to teach your children important skills that will help them perform at their best during the upcoming football season. The coaches really make learning and practicing fun and they know the kids will get a great deal from the clinic.

Each participant is given a camp t-shirt at registration and lunch will be provided both days. All you have to do is bring your child to registration, complete the necessary paperwork and know that they will be having a great learning experience each day.

The multi skill level, multi instructional camp is geared toward empowering the athletes through exposure and knowledge. During the clinic participants will learn the fundamentals of each position, they will practice drills to enhance their performance and instill sportsmanship and team building skills from area coaches including former NFL and college players.

Registration begins 8:30 a.m. on Saturday, July 12 at Silver Creek Township Park, 103 N. Fern Street in Sellersburg. The morning session will begin at 9 a.m. each day followed by an afternoon session from 2 to 4 p.m. Lunch and other activities will be conducted during the mid-day break.

The cost of the camp is \$45 per participant with a family maximum of \$65. Clinic participants should wear their clinic t-shirt, shorts and football cleats each day.
