Construction of the new Charlestown High School Sports Arena continues to progress on schedule, but the recent coats of blue paint and the matching scoreboard really are sparking more excitement and Pirate Pride.

The new sports arena will seat approximately 3,200 fans in a "Pit Style" design, includes six locker rooms, and an attached auxiliary double gymnasium.

Based on the current construction schedule, the commencement ceremonies of the class of 2010 will be held in the new facility this June.
