Students in 15 Clark County Schools proudly participated in The Leukemia & Lymphoma Society's (LLS) Pennies for Patients program, one of LLS's national School & YouthSM Programs that raises money to find cures for leukemia, lymphoma and myeloma while providing information and support services to patients and their families.

Pennies for Patients teaches students caring, sharing, respect for others and the value of community service, in addition to supporting an important cause. The need for cures is critical: leukemia remains the leading cause of disease-related death among children under 20 and blood cancers are the #3 cancer killer in North America. Over 4,000 individuals in Kentucky and Southern Indiana are currently battling a blood cancer.

Schools ran the Pennies for Patients program during various months during the 2012-13 school year. Some schools hosted kickoff assemblies to promote classroom competitions, while others sold paper pennies or participated in creative events. The 15 schools that participated raised \$24,510.88 to help LLS advance its mission to find cures. The following schools participated in the program raising the amounts stated below.

Bridgepoint Elementary School- \$2,366.17
Charlestown High School- \$590.74
Clarksville High School- \$1,900
Jeffersonville High School- \$525
Jonathan Jennings Elementary School- \$1,394.67
Maple Elementary School- \$493.18
New Washington Middle/ High School- TBD
Northaven Elementary School- \$769.54
Parkview Middle School- \$500
River Valley Middle School- \$500.28
Silver Creek Elementary School- \$6,569.68
Silver Creek High School- \$150
Silver Creek Primary School- \$4,280.54
Thomas Jefferson Elementary- \$1,835.90
WE Wilson Elementary School- \$1,857.54
William W. Borden Elementary School- \$776.84

Silver Creek Elementary was recognized as the Top School in the Chapter through their amazing donation of \$6,569.68. The monies raised at both the Elementary and Primary School in Sellersburg were raised in honor of Aiden Johnson, who is currently battling leukemia.

Currently, 364 schools in the Kentucky and Southern Indiana Chapter have raised over \$365,000 through the Pennies for Patients program. Combined with over \$18,000 in local sponsorships, the Pennies for Patients program has raised over \$383,000 – the most ever in the history of the Kentucky & Southern Indiana Chapter.

“It was so inspiring to know that the students and staff really care about helping others,” said Shelia Gustafson, School and Youth Campaign Manager for the Kentucky & Southern Indiana Chapter. “It’s a program that is truly meaningful for them because leukemia is a disease that impacts children. Students learn that they can really make a difference.”
