? Charlestown High School is looking to get in contact with some former Clark County female basketball players and coaches.

With this being the 33rd year for the oldest girl's tourney in the state with the same four teams they would like to recognize some of the past players and coaches.

Charlestown High School officials will be introducing these women and gentlemen on Monday, December 22 between the first and second game of the Charlestown Girls Holiday Tournament.

Please help them get in touch with these past players.

Please call 256-7275 or email David Null at dnull@gcs.k12.in.us, the Charlestown High School Athletic Director with contact information for the past players listed below.
