The chill of fall will soon be in the air, which means Friday Night on the Square is also quickly approaching. The festival will take place on September 14 from 6 to 10 pm. Traffic will be blocked off from the square during this time.

In addition to the various booths that are scattered around the square representing local business and organizations, the Washington County Chamber of Commerce has been working hard to bring some new attractions to the Friday night celebration, and even a few familiar events from past festivals.

The big attraction this year will be a rock climbing wall set up on E. Market Street. The wall is being sponsored by the Washington County Family YMCA and rock climbing enthusiasts of all ages are invited to come test their skills out.

The Chamber will also be bringing back a favorite event from years past, the corn hole tournament. Teams of two will compete for a cash prize. Entry is only \$10 and the tournament is on starting at 7 pm.

The Chamber is partnering with Salem Speedway to bring several prominent ARCA drivers to the square as well. Drivers expected to make an appearance include Frank Kimmel, Chris Buescher, Will Kimmel, Matt Lofton, Frank Kimmel II, Tom Hessert, Spencer Gallagher and Chad Hackenbracht. Buescher and Kimmel are locked in a tight battle for the 2012 ARCA Racing Series championship. You'll have the chance to get their autographs between 6:30 to 7:30 pm. More drivers are expected to be announced closer to September 14.

Friday Night on the Square is the prelude to Old Settlers Days, which will take place in Salem that same weekend on Saturday, September 15, and Sunday, September 16. For more information on Friday Night on the Square, visit [www.washingtoncountychamber.org](http://www.washingtoncountychamber.org), or call the Chamber at 812-883-4303.

Passenger and freight trains will be operating through the miniature towns of Salem, Pekin and Campbellsburg during The Depot railroad museum's open house Saturday and Sunday, Sept. 15 and 16. The event is part of Salem's Old Settlers' Days festival.

The large model of Washington County features exact replicas of buildings that existed 60 years ago. Adding to the realistic appearance of the model are 1500 trees and many other landscaping features.

Volunteers will be on hand in the Train Room to answer questions about the model and to keep trains running on time.

The model is just one of the attractions visitors will see while touring The Depot.
