

Three years ago when the spring version of Friday Night on the Square took place for the first time there were 50 vendors who took place. This year more than 90 vendors showed up despite cooler than normal temperatures and on and off rain.

The crowd also showed up in full force for the annual event.

“I hate that some of the vendors left once it started to rain because the crowd came back once it stopped,” said Chamber Director Anita Bush.

Vendors included Avon, Blue River Graffix, Outside the Walls in Salem and many more.

St. Vincent Salem hospital also had a mechanical bull on the square and many people took a turn riding it.
