In a telephone interview on Monday, June 1, Washington County Treasurer Bob Woodward said that if everything goes according to plan, property tax bills should be in the mail to property owners no later than the last half of July. Woodward explained that once the information comes back from the state, it should be a fairly quick process to get the bills out to taxpayers. The bills will be due approximately thirty days after receipt by the property owner.

For the first time, taxpayers can use credit cards or debit cards to pay their tax bills this year. A small fee for the service will be charged to the card holder for this service by the card processing company. For additional information about paying with a credit card or debit card, contact the Washington County Treasurer's Office at 883-3307.
